The California Federation of Teachers (CFT) is the latest high profile endorser for Democrat Nancy Skinner in State Senate District 9.

“Nancy Skinner is a strong champion of California’s public schools,” stated CFT President Joshua Pechthalt. “As Chair of the Assembly Budget Committee, Nancy Skinner fought for a substantial increase in pre-school funding and to prevent tuition increases at California’s public universities. Educators trust Nancy Skinner to fight for full funding for education.”

The California Federation of Teachers represents 135 locals in the state, comprising 120,000 educators and school employees from Head Start to the University of California.

“I am honored to have the endorsement of the California Federation of Teachers,” stated Nancy Skinner. “If our schools are our future, teachers are the most important element in our efforts to secure a better tomorrow for California’s families.”

Nancy Skinner, who currently teaches at UC Berkeley and UC Davis, is also endorsed by California Superintendent of Public Instruction Tom Torlakson and by more than 25 current and former local School Board and College Board members.
