One of the nation's pre-eminent organizations dedicated to electing pro-choice Democratic women to office has endorsed Nancy Skinner in SD9.

EMILY's List joins NOW, NWPC, Planned Parenthood, the Democratic Women's Legislative Caucus, Women's Political Committee, California Women's List, in throwing their support to Skinner.

"Nancy Skinner embodies the values of EMILY's List. She is a tenacious legislator who fights for the needs of families, women, and the most vulnerable in her community," said EMILY's List Senior Director of State Engagement and Development Muthoni Wambu Kraal. "The East Bay has a clear choice this election with an effective, smart, progressive woman like Nancy Skinner. The EMILY's List community – now more than three million members strong – is honored to support her."

Nancy Skinner has served the East Bay as a member of the Assembly, and as a member of the East Bay Parks Board and the Berkeley City Council. She is the leading candidate for California State Senate in District 9, where she finished 18% ahead of her nearest rival in the June primary.

Skinner has a long and effective history of advocacy for women's rights. As a member of the Assembly, she led successful efforts to force California counties to process tens of thousands of untested rape kits that, in many cases, had languished for years in storage.
